SFX: Alarm Klaxons Sounding

SFX: Sound of exterior explosions

CONNOR

Ace?

ACE

The Diva's multi-spacial time jump succeeded, Colonel! We are now just above India in 4023 B.C, above an area known as Harappa.

BUZZ

I don't think the Titans are too pleased.

DENISE

Colonel, I have several ships on approach.

BUZZ

There they are!

SALLY

Warning. Titan vessels powering up weapons.

ELI

Amazing! These new fighters look like the vimanas of Hindu mythology. Harappa was one of two places allegedly destroyed by an ancient times nuclear war! Obvious poppycock.

BUZZ

Maybe not, Doc. That's some heavy duty ordinance going off over there!

SFX Large explosions in the distance.

(CONTINUED)

CONNOR
Okay, it's now or never!

SALLY
Divas craft engaging the Titans.

BUZZ
Should we engage, Colonel?

CONNOR
No, not yet. Let's keep a safe
distance and watch from above.

SFX: Explosion, metal crack

BUZZ
(cries out from the
impact)
Ahh.

ELI
(cries out from the
impact)
Ahh!

ACE
(cries out from the
impact)
Ahh!

DENISE
(cries out from the
impact)
Ahh!

SALLY
(URGENTLY)
WARNING! Direct hit on Continuum!

DENISE
The Diva shield took most of the
blast but we can't take another one
like that.

BUZZ
I heard that!

CONNOR
Sally, damage report!

SALLY
Structural integrity at 75%.

ACE
Colonel, that blast also seemed to
disrupt the time string. If we take
another hit like that we're going
to destabilize.

CONNOR
Engage Cloak!

DENISE
Cloak offline sir.

SFX: Explosions in the distance

BUZZ
Wow - the Divas are kicking their
backsides!

DENISE
Two Titan battleships closing on
our position.

CONNOR
BUZZ! PUNCH IT!

BUZZ
Punching it, sir!

DENISE
One Divas ship closing! Hit on the
first Titan ship, heavy damage.

ELI
(shocked)
That looks like -

BUZZ
A mushroom cloud...

SALLY
(Urgent)
INCOMING ATTACK!

BUZZ
AH CRAP!

SFX: LOUD EXPLOSIONS

CONNOR
(screams)
AAAARGH!

SALLY
HULL BREACH! HULL BREACH! HULL
BREACH

DENISE
Colonel!

ACE
(panicked)
The Time Curve has destabilized!

We're being ripped back through
time and space!

SALLY
STRING DARK MATTER SPILLING INTO
BRIDGE AREA. CAUTION! CAUTION!
CAUTION!

CONNOR
(MORE SCREAMS)

BUZZ
HE'S...HE'S GONE! HE GOT SUCKED
RIGHT OUT OF THE SHIP!

ELI
(Scared)
Oh my God! Is this the end?

DENISE
(taking command)
BUZZ! Try stabilizing the ship!
Sally, can you redirect all
remaining power of the Divas shield
to the breach and seal it?

SALLY
Da!

ACE
(screams)
AAAH! WHAT IS THAT?

SFX - Materialization sound...

CONNOR
(moaning in pain)
Ohhh. Uhhh.

DENISE
Colonel? Is that you?

BUZZ
It doesn't...look Like him...

DENISE
Buzz, concentrate on getting us
stable. Ace...Ace! ACE!

ACE
(panicked)
WHAT?

(CONTINUED)

DENISE

I NEED YOU! What is going on with
the string?

ACE

I...I don't know...I've never seen
readings like this before! I don't
even know if we're going back to
our time - the future...I have no
clue!

SALLY

Breech temporarily sealed. Dark
matter contamination localized to
Colonel Dannard. Return to
Continuum Base imminent.

DENISE

Let's hope the Divas won...

SALLY

We have arrived.

DENISE

Where...is everybody? There should be at least a security detail...

CONNOR

(still moaning in pain)

Ohhh..

BUZZ

He looks different. What's with the white hair?

CONNOR

White hair? What are you -

BUZZ

GEEEZUS! His Eyes! His Voice!

CONNOR

What...is wrong with my eyes? My voice?

ACE

Colonel...is...that you?

CONNOR

Of course, Ace. Who else would it be?

ACE

You don't...look yourself...

DENISE

Sir, your eyes...they're glowing. Your voice...sounds different.

SFX: Sounds of a gun being pulled.

CONNOR

Denise! What the hell?

DENISE

(Ordering)

Keep your hands where I can see them.

(CONTINUED)

CONNOR
Lieutenant Colonel Cox! Lower your
weapon!

DENISE
Can't do that, sir. I can't confirm
your identity.

CONNOR
Damn it, Denise! It's me!

DENISE
Colonel Conner Dannard was my
friend. I'm not sure who - or WHAT -
the hell you are!

INT. CONTINUUM BASE

SFX Sounds of them walking off the ship.

BUZZ
This is highly damned irregular. No
welcome wagon?

ELI
The hangar is dark. Abandoned.

ACE
I see a light up there.

DENISE
Let's head there. Buzz. Watch
bright eyes until we can figure out
what is going on.

BUZZ
Got 'em.

CONNOR
Buzz. It's me.

BUZZ
Sure it is, bud. It's just a freak
accident that you've changed hair
color, your voice changed and now
your eyes glow like you're Doctor
Who or something. Keep walking,
fugazy.

SFX: Walking, then steps on stairs.

SFX. Door opens

(CONTINUED)

SHIRAN
(gasps in shock)
(Breath) OH MY GOD! ELI!

SFX of her running to him and hugging him.

ELI
Easy, easy, Shefele (SHEF-FAH-LA).

SHIRAN
(stunned)
How? When?

DENISE
Just now. Where is everyone?

SHIRAN
(still in shock)
It's...it's been three years.
They've shut down the program. We
hadn't heard anything...they
assumed you all died in the battle.
But I knew. I always knew you were
out there somewhere.

SFX Sounds of hugging.

CONNOR
Shiran.

SHIRAN
Colonel Dannard? My God what
happened to you?

DENISE
We're not sure it's really him.
It's a long story.

CONNOR
For God's sake, Denise. It's ME!

DENISE
Borman, keep an eye on him.

BUZZ
I got him. Calm down, sunshine.

CONNOR
This is ridiculous.

BUZZ
Your eyes are ridiculous.

(CONTINUED)

CONNOR

What is wrong with my eyes.

SHIRAN

They're glowing...like Captain
Marvel.

CONNOR

That's absurd.

SHIRAN

Tell me about it.

BUZZ

So this place is decommmed? What are
you doing here?

SHIRAN

I was collecting the last of our
belongings. My security detail is
outside. They stripped everything
here that was top secret. Who knows
where all of our data is now.

ACE

And the General?

SHIRAN

He retired to North Dakota.

ELI

North Dakota? I always thought he'd
go back to Texas.

SHIRAN

Well, anyway I'm so happy to see
you Eli. And the rest of you as
well.

ELI

You too, my dear. I can't imagine
what it's been like.

SHIRAN

For you, it was a matter of hours.
For me, years. Years I've waited,
and hoped. When everyone else gave
up on you, I fought to keep this
program going.

ACE

Thank you.

(CONTINUED)

SHIRAN
You are welcome.

DENISE
Can you call your detail? We need
them to assume custody of Dannard.

SHIRAN
I'm afraid, Colonel Cox, it's going
to be worse than that. I think you
all are likely to be taking into
custody until you can be debriefed.

BUZZ
Debriefed? For how long?

BLACKOUT.

INT. UNDISCLOSED PRISON LOCATION

4

INTERROGATOR #1

Who are you?

CONNOR

I am Colonel Connor Dannard of the United States Continuum Force.

INTERROGATOR #1

There's no such branch of the military.

CONNOR

That you're cleared to know about.

INTERROGATOR #1

Tell us about your experience in the time vortex.

CONNOR

I...don't remember much. It was extremely painful. It felt like my life was flashing before my eyes except...it wasn't my life. It was our history. But not just our history. History of the Titans. The Divas. Of other species in the universe that lived billions of years before us and some who are out there now. Others that will be there after we're gone. It was as if it was all going into me.

INTERROGATOR #2

And what can you recall from that...download?

CONNOR

Nothing. Not a thing. Only images really. I can't really recall anything else.

INTERROGATOR #2

And your physical changes?

CONNOR

I don't know. I hear my voice and don't recognize it. I look in the mirror and it looks like me...but not. You know?

(CONTINUED)

INTERROGATOR #1
Who are you working with?

CONNOR
I told you, the United States
Continuum Force.

INTERROGATOR #1
The Russians? The Divas?

CONNOR
No. NO.

INTERROGATOR #2
The Titans?

CONNOR
Of course not.

INTERROGATOR #2
What about the...(reads notes)
Pythagorean Brotherhood that
Captain Fordham mentioned.

CONNOR
No. I have no idea who they are. We
only knew about the Rosicrucians
(ROSE-A-CREW-SHUNS).

INTERROGATOR #1
Whose we?

CONNOR
My team.

INTERROGATOR #1
What team?

CONNOR
For crying out loud. Can we get
someone with clearance in here so I
can talk freely?

INTERROGATOR #2
So you admit to being deceptive.

CONNOR
No...not deceptive. I just don't
know what you're cleared for.

INTERROGATOR #1
Obviously Colonel Dannard, we know
about the Divas. We know about the
Titans.

SFX Door Opens, footsteps

BUZZ

Hey! It's about time I saw you guys!

ACE

Hi Buzz.

DENISE

(greeting)
Borman.

SFX: Sounds of a chair moving. Seat taken.

ELI

Well, the gang's all here now.

BUZZ

Except Dannard.

DENISE

(sadly)
Yeah.

BUZZ

So what's this all about?

DENISE

Have no idea. I've seen nothing but a padded cell for a month. And that was after the holding room they had me in previously.

ACE

Same. I don't know how many times I been asked the same questions.

ELI

And in how many different ways.

(CONTINUED)

DENISE

That's a day one technique for interrogation. Lawyers use it, too. Ask the same question in a different way to see if the answer modifies or changes. It's a good way to expose a liar.

ELI

Well, I'm sick of being here. I just want to get home and see Shiran.

DENISE

You haven't seen each other since we got back?

ELI

Not since the security detail imprisoned us. You would think we were criminals. We saved the WORLD! Does it counts for nothing?

SFX: Door opens.

SENATOR CRANSTON

Oh, it counts Doctor Sherzberg. Your country, hell, the whole world owes you a great debt.

DENISE

Senator Cranston.

SENATOR CRANSTON

Colonel Cox. Doctor Barber. Borman. Good to see you all here.

BUZZ

As if we had a choice.

SENATOR CRANSTON

No. I guess not. In any event. Welcome.

DENISE

Senator, what is going on? Where is Colonel Dannard?

SENATOR CRANSTON

The individual calling himself Connor Dannard is currently in an unknown secured location for extended interrogation.

(MORE)

(CONTINUED)

SENATOR CRANSTON (CONT'D)

I'm afraid that's all I'm at liberty to say at this time.

BUZZ

Well, what CAN you say.

SENATOR CRANSTON

I can say, Mr. Borman, that you're return is a fly in my lemonade.

BUZZ

Come again?

SENATOR CRANSTON

You see, a lot's changed since you were last here. The world has changed.

DENISE

Changed how?

SENATOR CRANSTON

Well, for one, we had a global pandemic that killed almost 7 million people.

ELI

What?

SENATOR CRANSTON

Over a million right here in the U.S. of A. Terrible thing. Nearly tore us all apart.

DENISE

Did...we do this somehow?

SENATOR CRANSTON

You? No. Not you. Not sure if it was anyone, really. But there's rumors. Anyway, like I said, a lot's changed. My party is no longer in charge of the White House or the Senate. The new President saw the budget for this project and well, let's just say the funds for Project Continuum were reappropriated.

DENISE

I don't understand. How could they do that with the threats we faced?

(CONTINUED)

SENATOR CRANSTON

Well, there's been no hide nor hair of the Divas or the Titans since you've been gone. No anomalies. No changes whatsoever. We think it's over.

ACE

Over?

SENATOR CRANSTON

Yes, Doctor Barber. The usefulness of the project has run its course.

ELI

That's ridiculous!

SENATOR CRANSTON

Excuse me?

ELI

The purpose of Project Continuum was never to stop the Bogeys...or the Divas or whatever we're calling them now. It was about historical research. Understanding mankind's past mistakes so we don't repeat them.

SENATOR CRANSTON

(Chuckling)

I'm afraid Doctor Sherzberg that the kind of scientific or historical knowledge we gained from this endeavor did not justify the inordinate amount we were spending to keep this turkey afloat.

DENISE

You never believed in this project. You've tried to kill it from the beginning.

SENATOR CRANSTON

Oh yes. And now that you're dead, I'm not letting you rise from the grave like some god dang vampire. I can assure you of that.

SFX: Door opens.

GUARD #1

Sir, you have a call, it's the president.

(CONTINUED)

SENATOR CRANSTON
(sighs). What does that senile old
coot want with me now?

GUARD #1
He says it's urgent, sir.

SENATOR CRANSTON
Alright. Alright. I'm coming.

BUZZ
Hey, how much longer do we have to
be here?

SENATOR CRANSTON
Oh Borman. I think you know.
(laughing as he walks out the door)

SFX: Steps and door closes.

BUZZ
What? Wait? WHAT?

FADE OUT.

CONNOR
How many damn times do I have to
tell you guys?

INTERROGATOR #1
Look Dannard. You've experienced
something no one has ever
experienced. You alone have peered
into the universe and survived to
talk about it.

CONNOR
But I don't remember anything.

INTERROGATOR #2
For now. But maybe you will. We
just have to wait it out.

CONNOR
Wait it out? I've been here months.
I think. Has it been months? Wait.
Yes. It has. 2 months. Three days.
Two hours. 27 minutes. 13 seconds.

INTERROGATOR #1
How did you...

(CONTINUED)

CONNOR

And while you've been interrogating me here in Langley...we're in Langley. You ARE CIA. While you've been interrogating me, my friends are still at Malmstrom Air Force Base in Montana, suffering through their own interrogations.

INTERROGATOR #2

How could you possibly know that?

CONNOR

The same way I know your wife is currently sleeping with your brother, Officer Blanchard.

INTERROGATOR #2

WHAT?

CONNOR

And the same way I know that a million light years from here, a new star has been born. A star that the human race will travel to when this planet can no longer support it's existence. Ever seen Interstellar, Officer Johnson?

INTERROGATOR #1

How do you know our names?

CONNOR

It...is just revealed to me. Like your death next week.

INTERROGATOR #1

(angrily)

ARE YOU THREATENING ME YOU SON OF A-

CONNOR

Not a threat. A fact. You will in fact be dead next week.

SFX Sounds of a struggle. Punch lands.

SFX: Sounds of him being removed from the room.

INTERROGATOR #2
How do you know all this?

CONNOR
I told you. I see it. Like watching
a movie or a faint memory that just
comes into your mind.

INTERROGATOR #2
You can see...the future?

CONNOR
The future. The past. The present.
Everywhere. All at once. I...I...

CONNOR
(cries out in agony)
Ayyyyyyyyyyyyyarrrrrrgh.

INTERROGATOR #2

SENATOR CRANSTON

(MORE)

(CONTINUED)

SENATOR CRANSTON (CONT'D)

It appears your return was just in time. Like Lazarus rising when our savior called to him.

ACE

Why is that?

SENATOR CRANSTON

It seems that the Russians have developed their own time travel ship and are starting to take trips back in time.

BUZZ

The Russians?

SENATOR CRANSTON

Yes.

ELI

What have they changed?

SENATOR CRANSTON

Nothing. That we know of. But with Project Continuum mothballed, we have no way of detecting the anomalies.

BUZZ

Annnnd...

SENATOR CRANSTON

And I guess, well...

BUZZ

Gooooo onnnnn

SENATOR CRANSTON

I guess that means this cat has another life left of it's nine.

BUZZ

YES! WE'RE BACK, BAYBEE!

DENISE

When will we expect the return of the General?

SENATOR CRANSTON

The General? Ha. No. No no no. General O'Shaunessy is enjoying his retirement. You'll be answering to me, as chairman of the Project Continuum Cooperative.

(CONTINUED)

ACE
(confused)
The what?

SENATOR CRANSTON
You see, we shared some of our intel with the rest of our allies. It's probably how the commies got their hands on it. Can't trust anyone.

DENISE
Why in the world would we do that?

SENATOR CRANSTON
Well, let's just say you're little showdown at the OK Corral with the Titans didn't go...unobserved. The cat was out of the proverbial bag.

DENISE
So we went public?

SENATOR CRANSTON
Public? No. God no. Of course not. No, we distracted them with some Kardashian scandal or a cockamamie theory about voting machines. Just to keep them distracted while we worked with our allies to figure out what your disappearance meant.

BUZZ
So this council?

SENATOR CRANSTON
Yes. I'm chairman. We have representatives from Britain, Canada, India - by the by - they were very interested in your vimanas story. France. Japan. The council shut down the project after reviewing all the data gathered in secret sessions up on the hill.

DENISE
So this is no longer a military operation.

SENATOR CRANSTON
Not at all, it is run by the governments of the world.

(CONTINUED)

BUZZ
The Deep state.

SENATOR CRANSTON
The what? Mr. Borman, I had no idea you subscribed to those ideas. And after all you've seen.

BUZZ
Exactly. After all I've seen - I know you're all full of sh-

SENATOR CRANSTON
ANYWAY, with Russia now developing their own CTC device, we can expect China will have one soon as well. We have to make sure their goal isn't some sort of mischief.

ELI
Will we still be together?

SENATOR CRANSTON
Yes. I see no reason to break up the Beatles. You've proven yourself to be quite remarkable.

DENISE
All of us?

SENATOR CRANSTON
I assume you mean Colonel Dannard?

DENISE
Yes sir.

SENATOR CRANSTON
Dannard. I told you I can't talk much about him.

DENISE
Is it Dannard?

SENATOR CRANSTON
I...well, look. I can tell you that by every test we know of, we are absolutely one hundred percent certain that the person we have in custody is Colonel Connor Dannard.

DENISE
But...

SENATOR CRANSTON

But, he's obviously been altered in
some way by his ordeal.

ACE

Can he be healed?

SENATOR CRANSTON

I...don't know, Doctor Barber. We
have top men working on it.

ACE

(skeptical)

Top men?

SENATOR CRANSTON

Top men.

BUZZ

Why do I suddenly have the urge to
watch Raiders of the Lost Ark?
